

COMBINED COMMISSION REPORTS

RECTOR, SENIOR WARDEN, JUNIOR WARDEN

FEBRUARY, 2025

RECTOR - FR. JOE HUDSON

This is a combined January and February Rector report to the vestry. Our parish and our clergy had a busy January, and February was much of the same. We continue to see an increase in wholeness in our parish community. This word “wholeness” has been my made-up word. It speaks to growth as whole human beings; growing in aliveness and awakens in relationship with ourselves, each other, and with God. This growth is seen in the positive energy and joy and excitement and joy and love experienced within each of us and our community as we gather. This despite the heart wrenching struggles and grief and hardship various ones have experienced. And in these hardships, the community has put their arms around those at various times of need.

In summary, along with the regular meetings and activities, there were also two funerals, one graveside service, our Annual Meeting, a Newcomers Reception, premarital planning, and a vacation. Below are some of the details of these past two months.

JUNIOR WARDEN - PAUL ALTIMIER

Piper Fire Prevention completed their annual testing and the backflow preventer, sprinkler systems, and Hydrant pressure all Passed. They will file the Certificate with the County.

They informed me that we are due for our 5-year Inspection and Review.

They also pointed out our Leak at the main water supply gate Valves by Center Road.

When they email the fire inspection report they will include Quotes for the 5-year inspection and the Gate Valve repairs.

A & E is planning to check the drinking water back flow next week. I'll be out of town the next two weeks but as long as they can get building access, there inspection should go smoothly.

The Memorial Garden Crew, Bob Clark, Sally Mock Janis Weinmann, Duane Ruppert, Joe Bentley, Vince Greco, Jon Campbell, Joyce Treppe, and Peter Walker worked Thursday, and the Grounds and Garden are looking Beautiful!!
Thank you Bob and Crew!!
